Jessica Davis has been a Nurse Practitioner since 2001. She started practicing within primary care but over the last 18 years, has specialized in adult hematology/oncology and palliative care. Jessica received her nursing degree from Columbia, masters in nursing from UCLA and then eventually went on to complete her doctorate at the University of Colorado. Jessica enjoys working with patients and families from their initial cancer diagnosis throughout treatment and into follow up care. She strives to be the ultimate advocate for patients providing evidence-based care and knowledge as they navigate the complexities of cancer care.

Jessica came to Ridley Tree Cancer center in June 2021 and could not be more thrilled to be a part of such a wonderful team of providers. When she is not working, she enjoys her 2 wonderful children, her dog and 2 cats and all water sports especially open water swimming.

**Areas of Expertise**

Jessica Davis has been a Nurse Practitioner since 2001. She started practicing within primary care but over the last 18 years, has specialized in adult hematology/oncology and palliative care. Jessica received her nursing degree from Columbia, masters in nursing from UCLA and then eventually went on to complete her doctorate at the University of Colorado. Jessica enjoys working with patients and families from their initial cancer diagnosis throughout treatment and into follow up care. She strives to be the ultimate advocate for patients providing evidence-based care and knowledge as they navigate the complexities of cancer care.

Jessica came to Ridley Tree Cancer center in June 2021 and could not be more thrilled to be a part of such a wonderful team of providers. When she is not working, she enjoys her 2 wonderful children, her dog and 2 cats and all water sports especially open water swimming.
